

Figure P1: Taxonomic assignments for the phylum-level dataset “full_length” at a clustering threshold of 80%

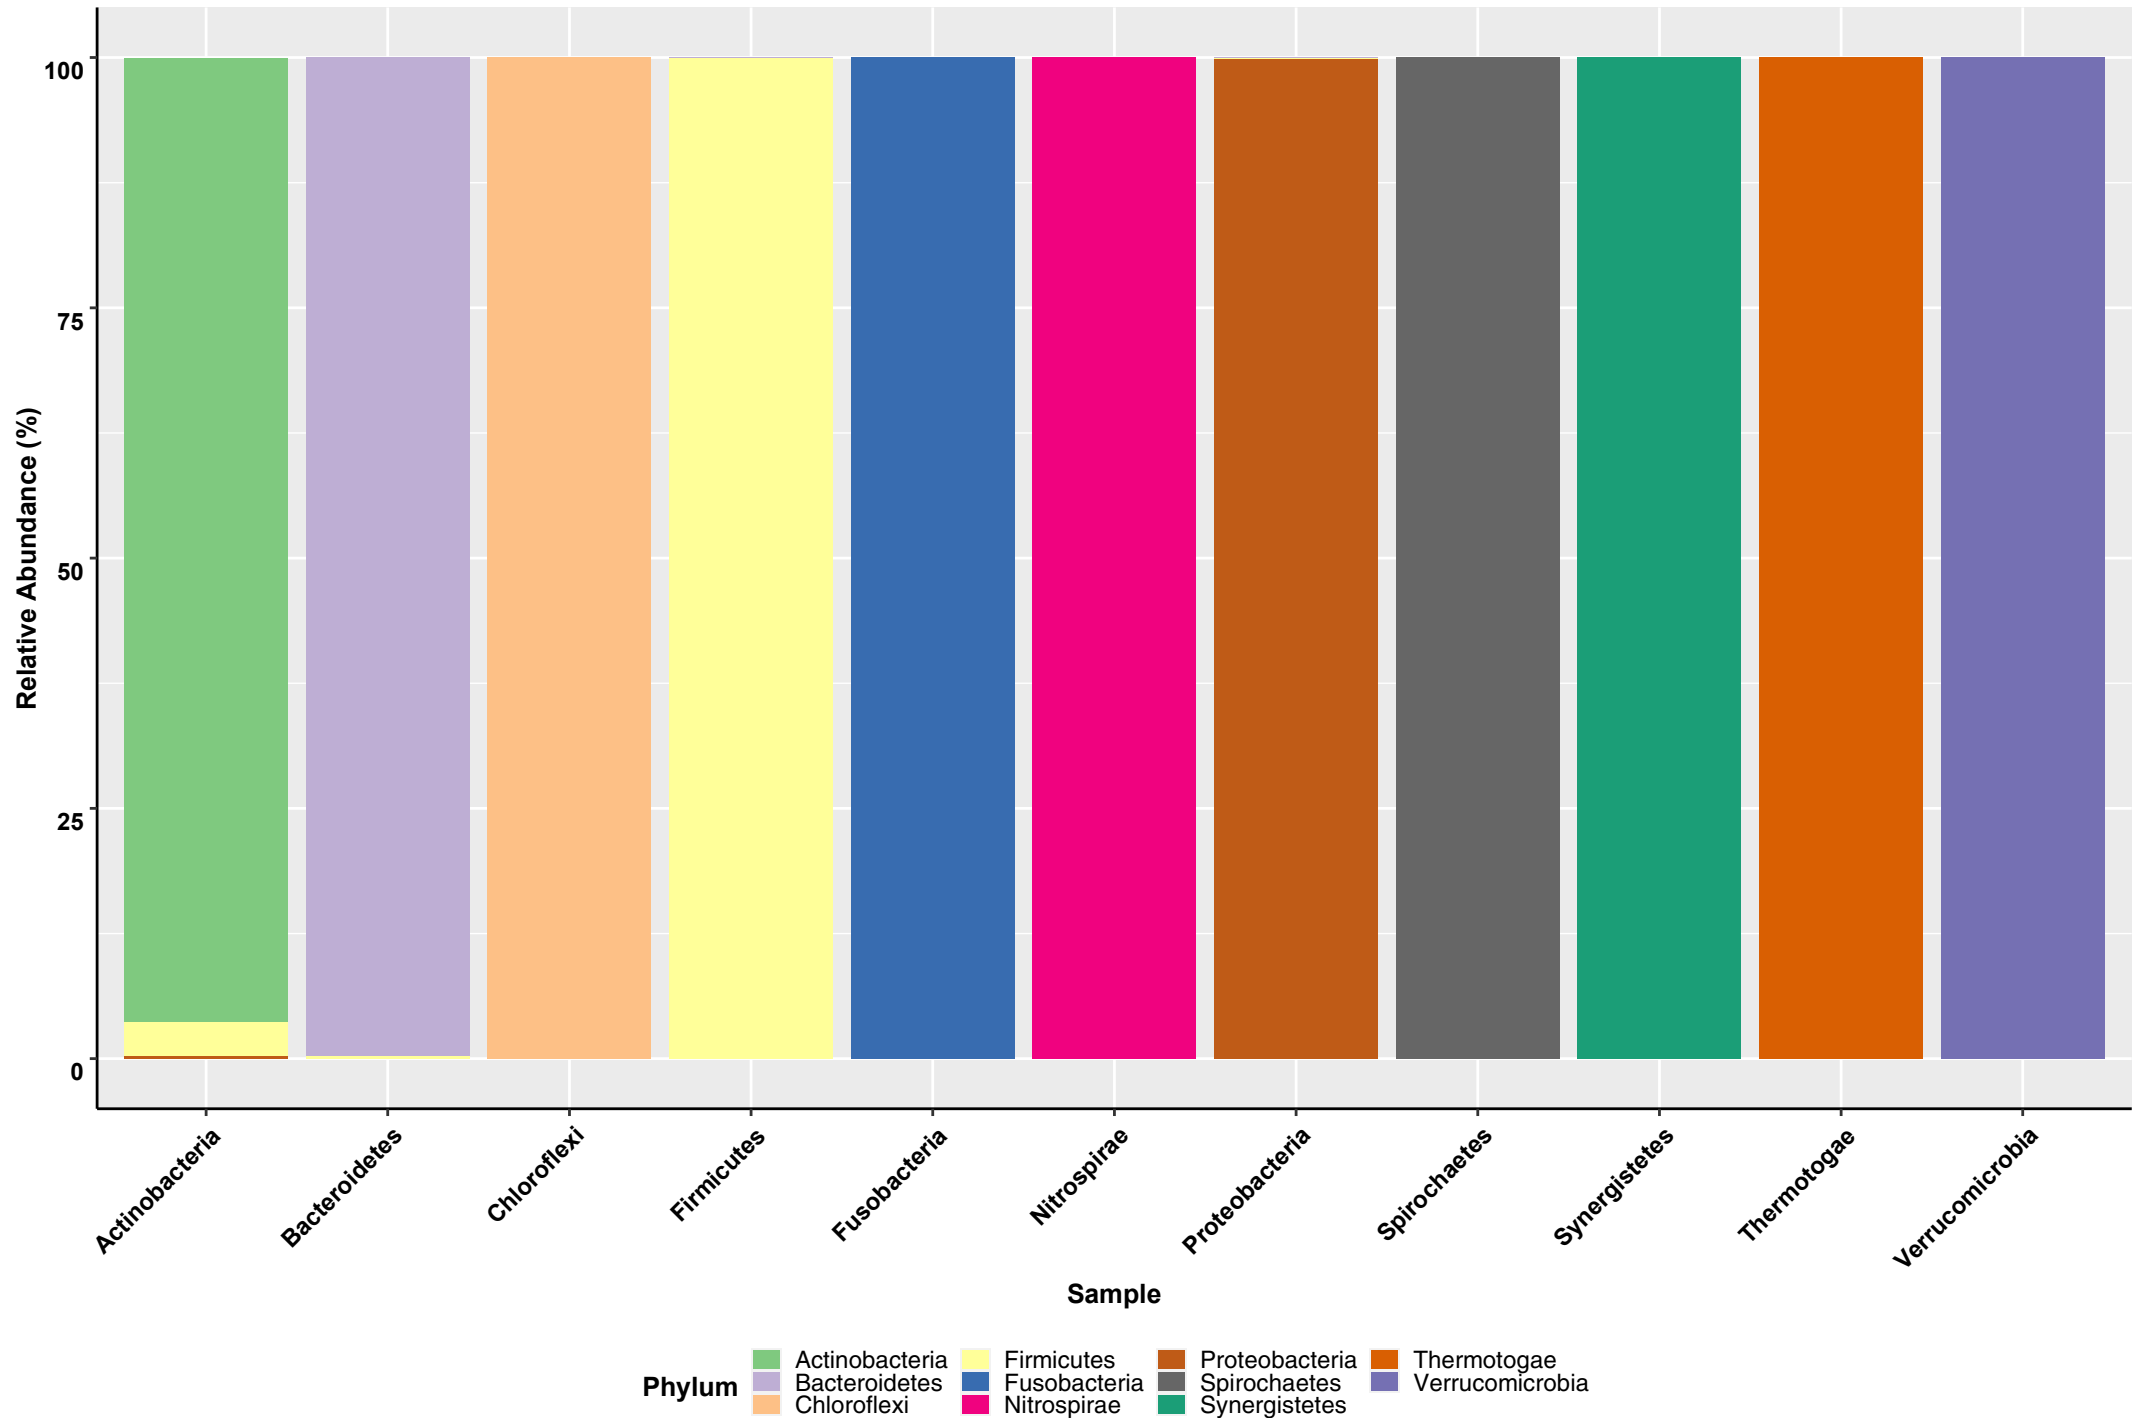

Figure P2: Taxonomic assignments for the phylum-level dataset “full_length” at a clustering threshold of 100%

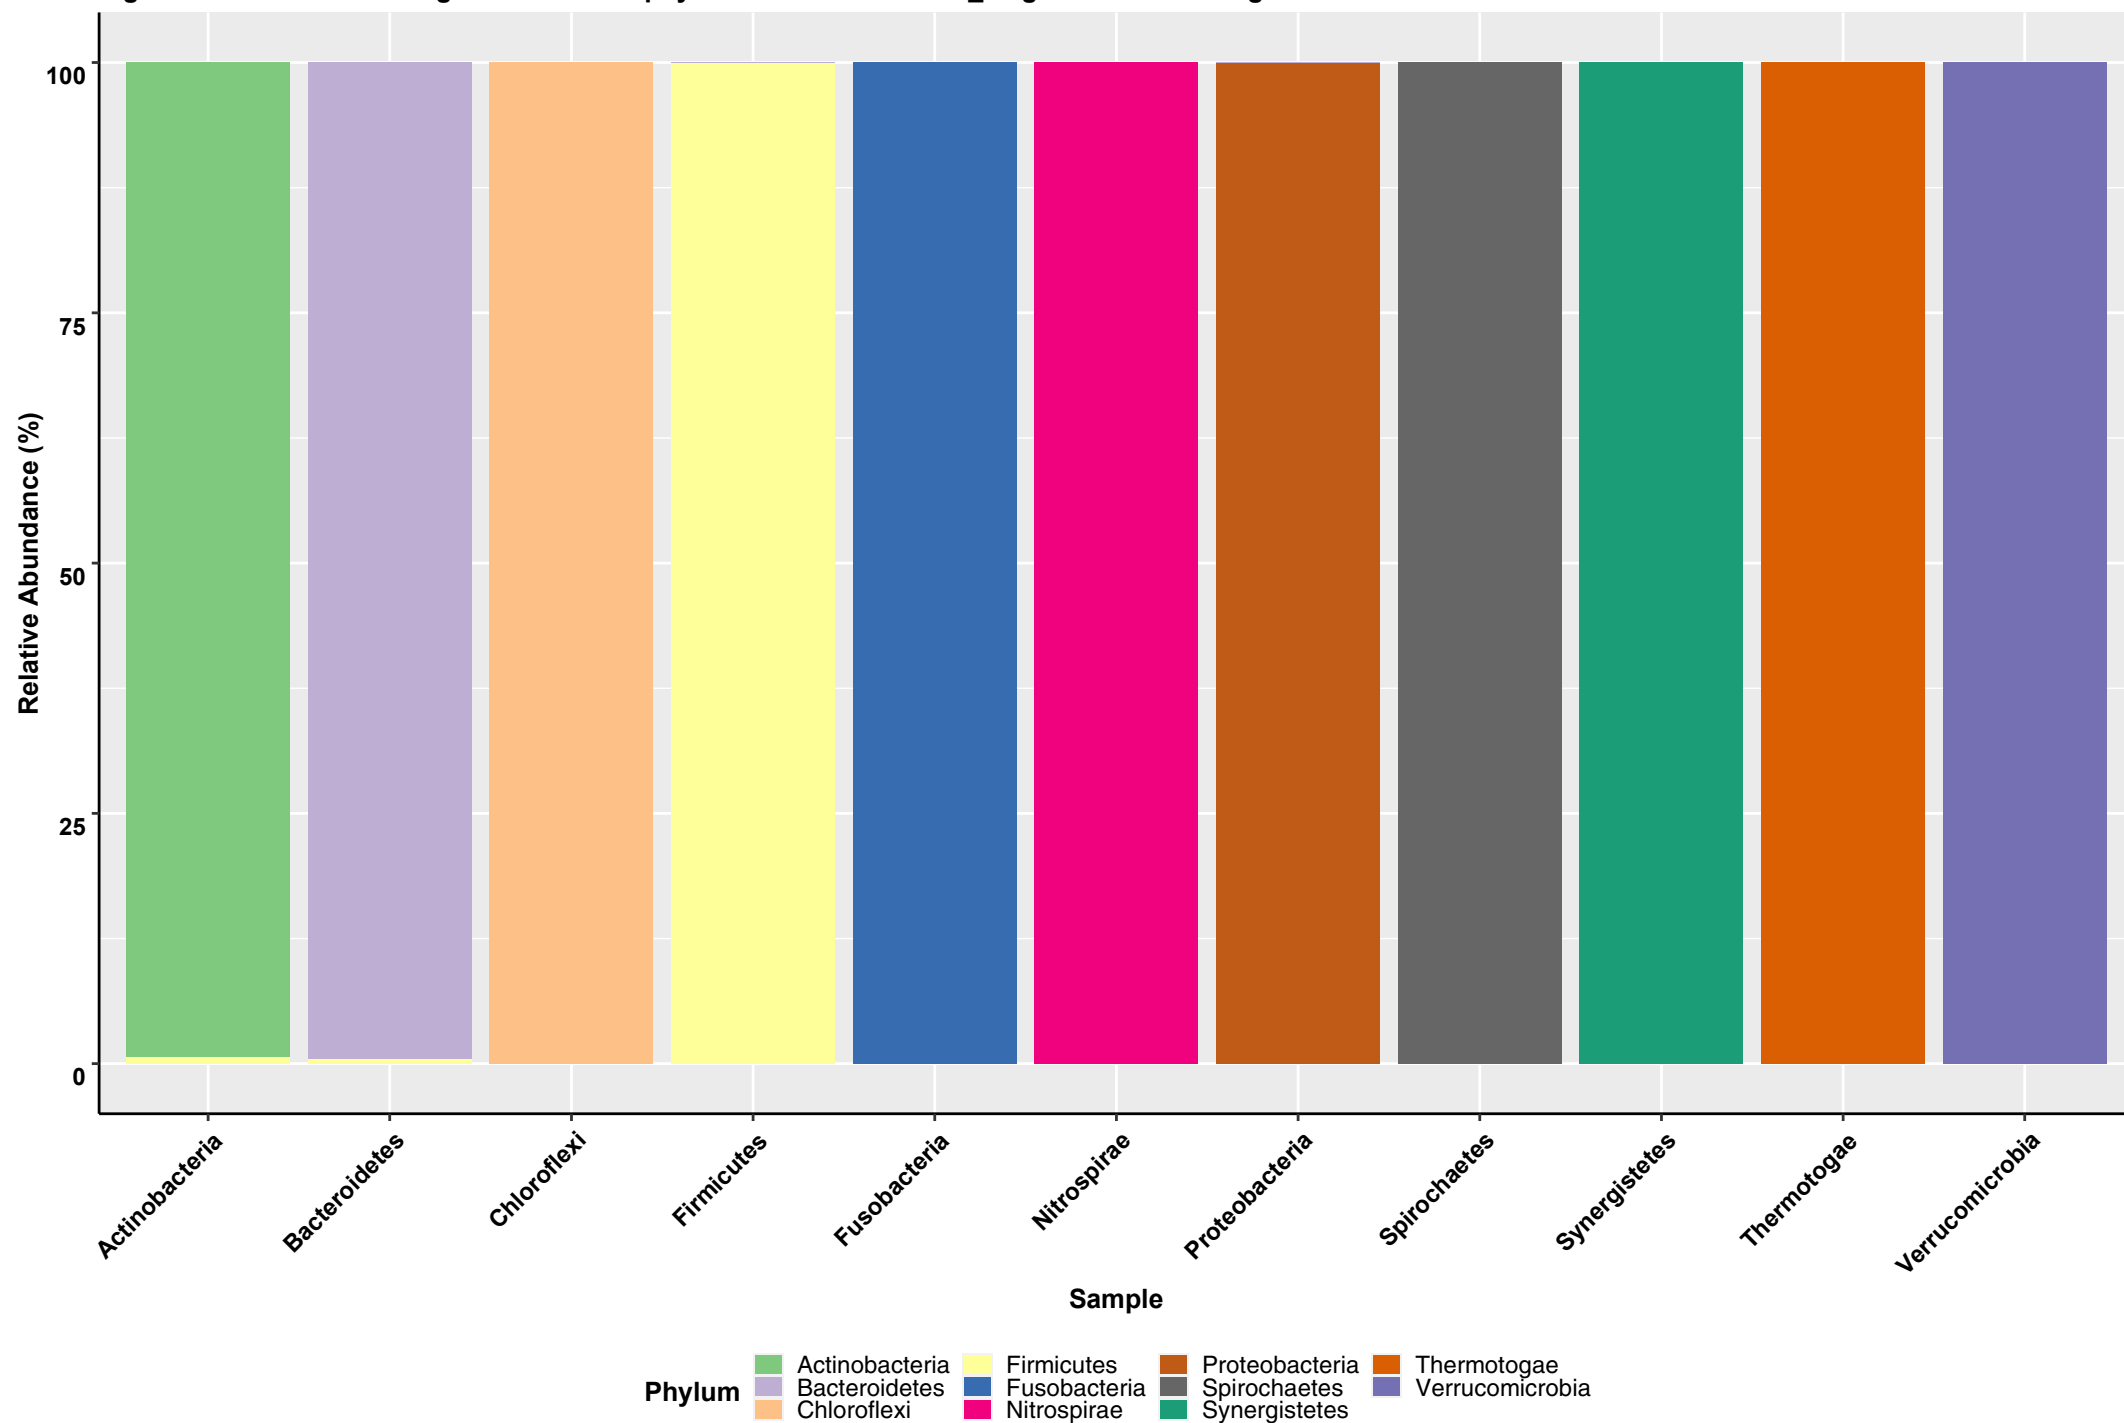

Figure P3: Taxonomic assignments for the phylum-level dataset “trimmed” at a clustering threshold of 80%

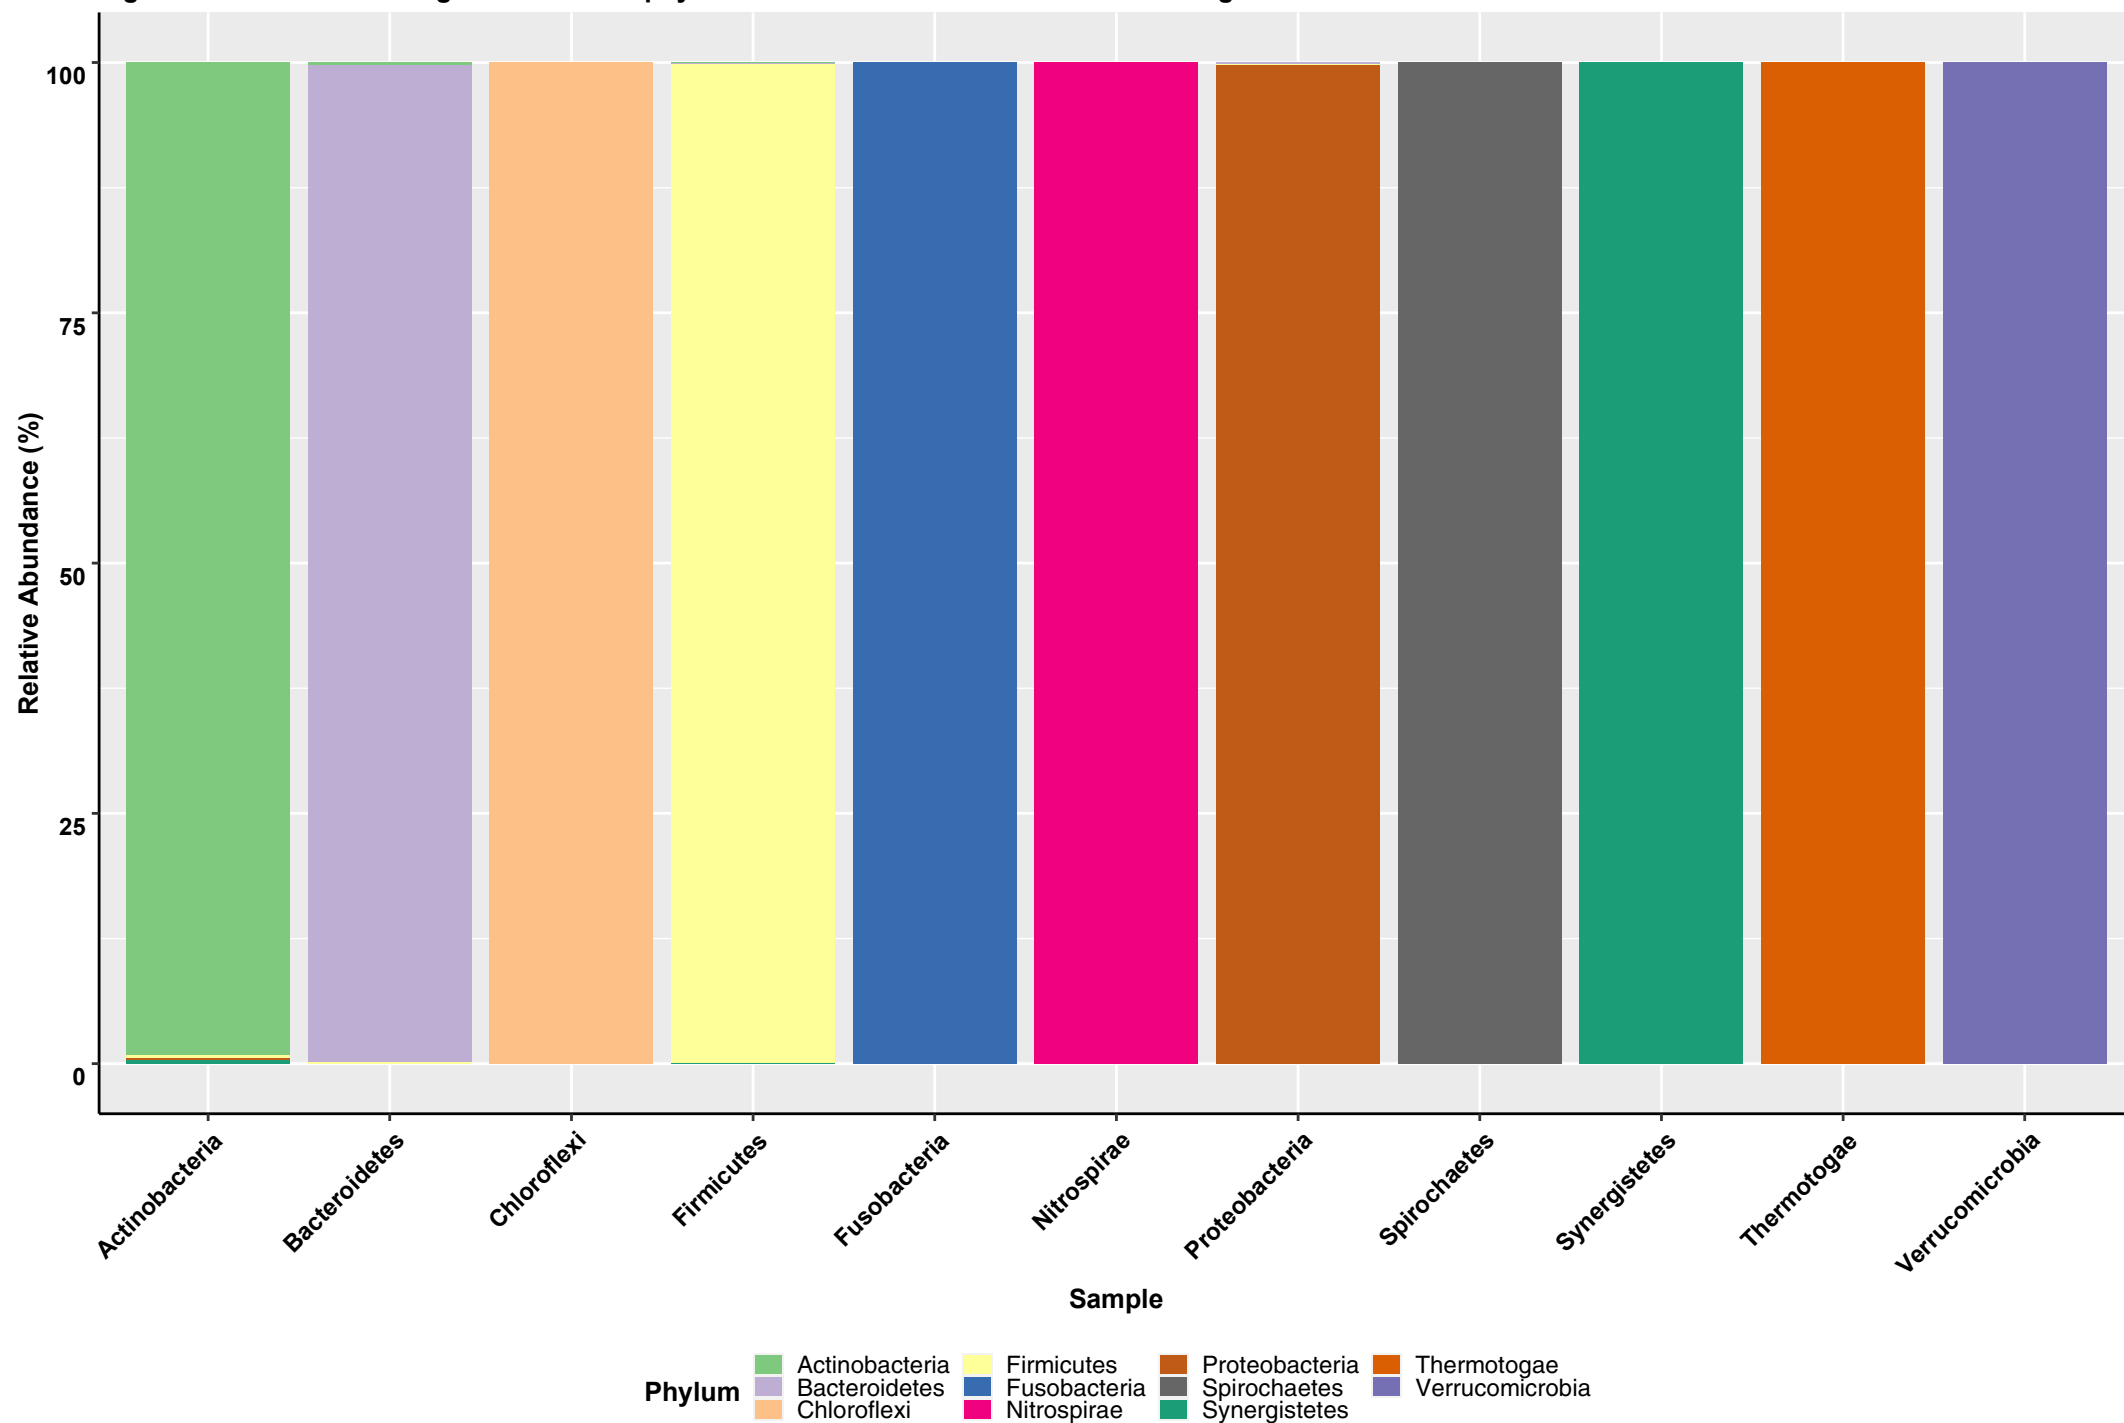

Figure P4: Taxonomic assignments for the phylum-level dataset “trimmed” at a clustering threshold of 100%

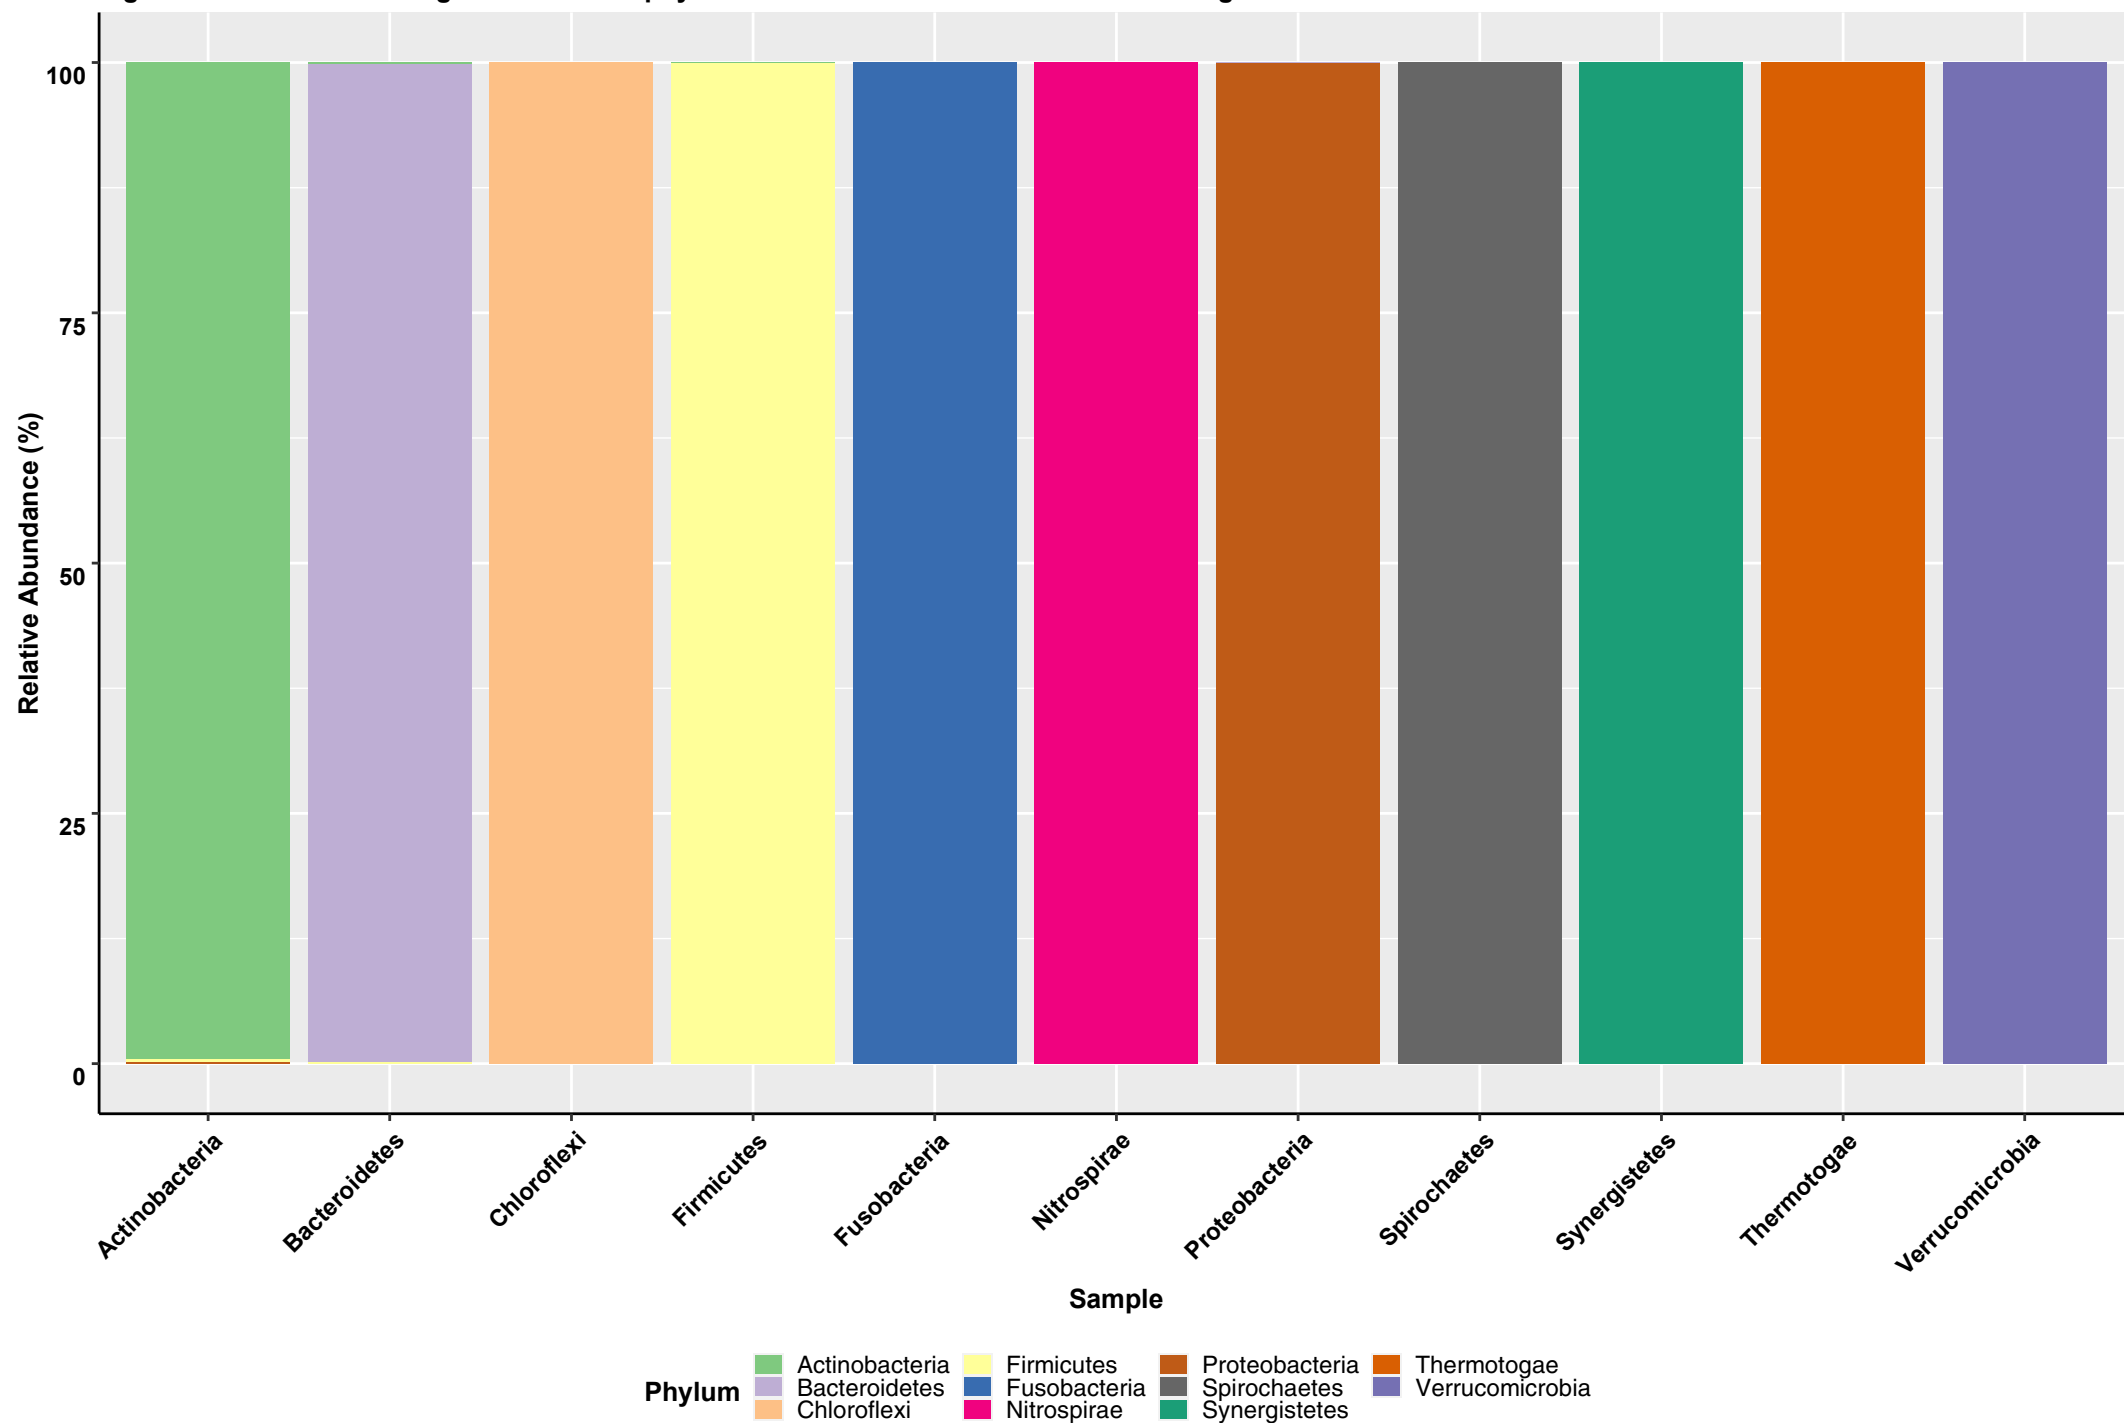

Figure P6: Taxonomic assignments for the phylum-level dataset “300” at a clustering threshold of 100%

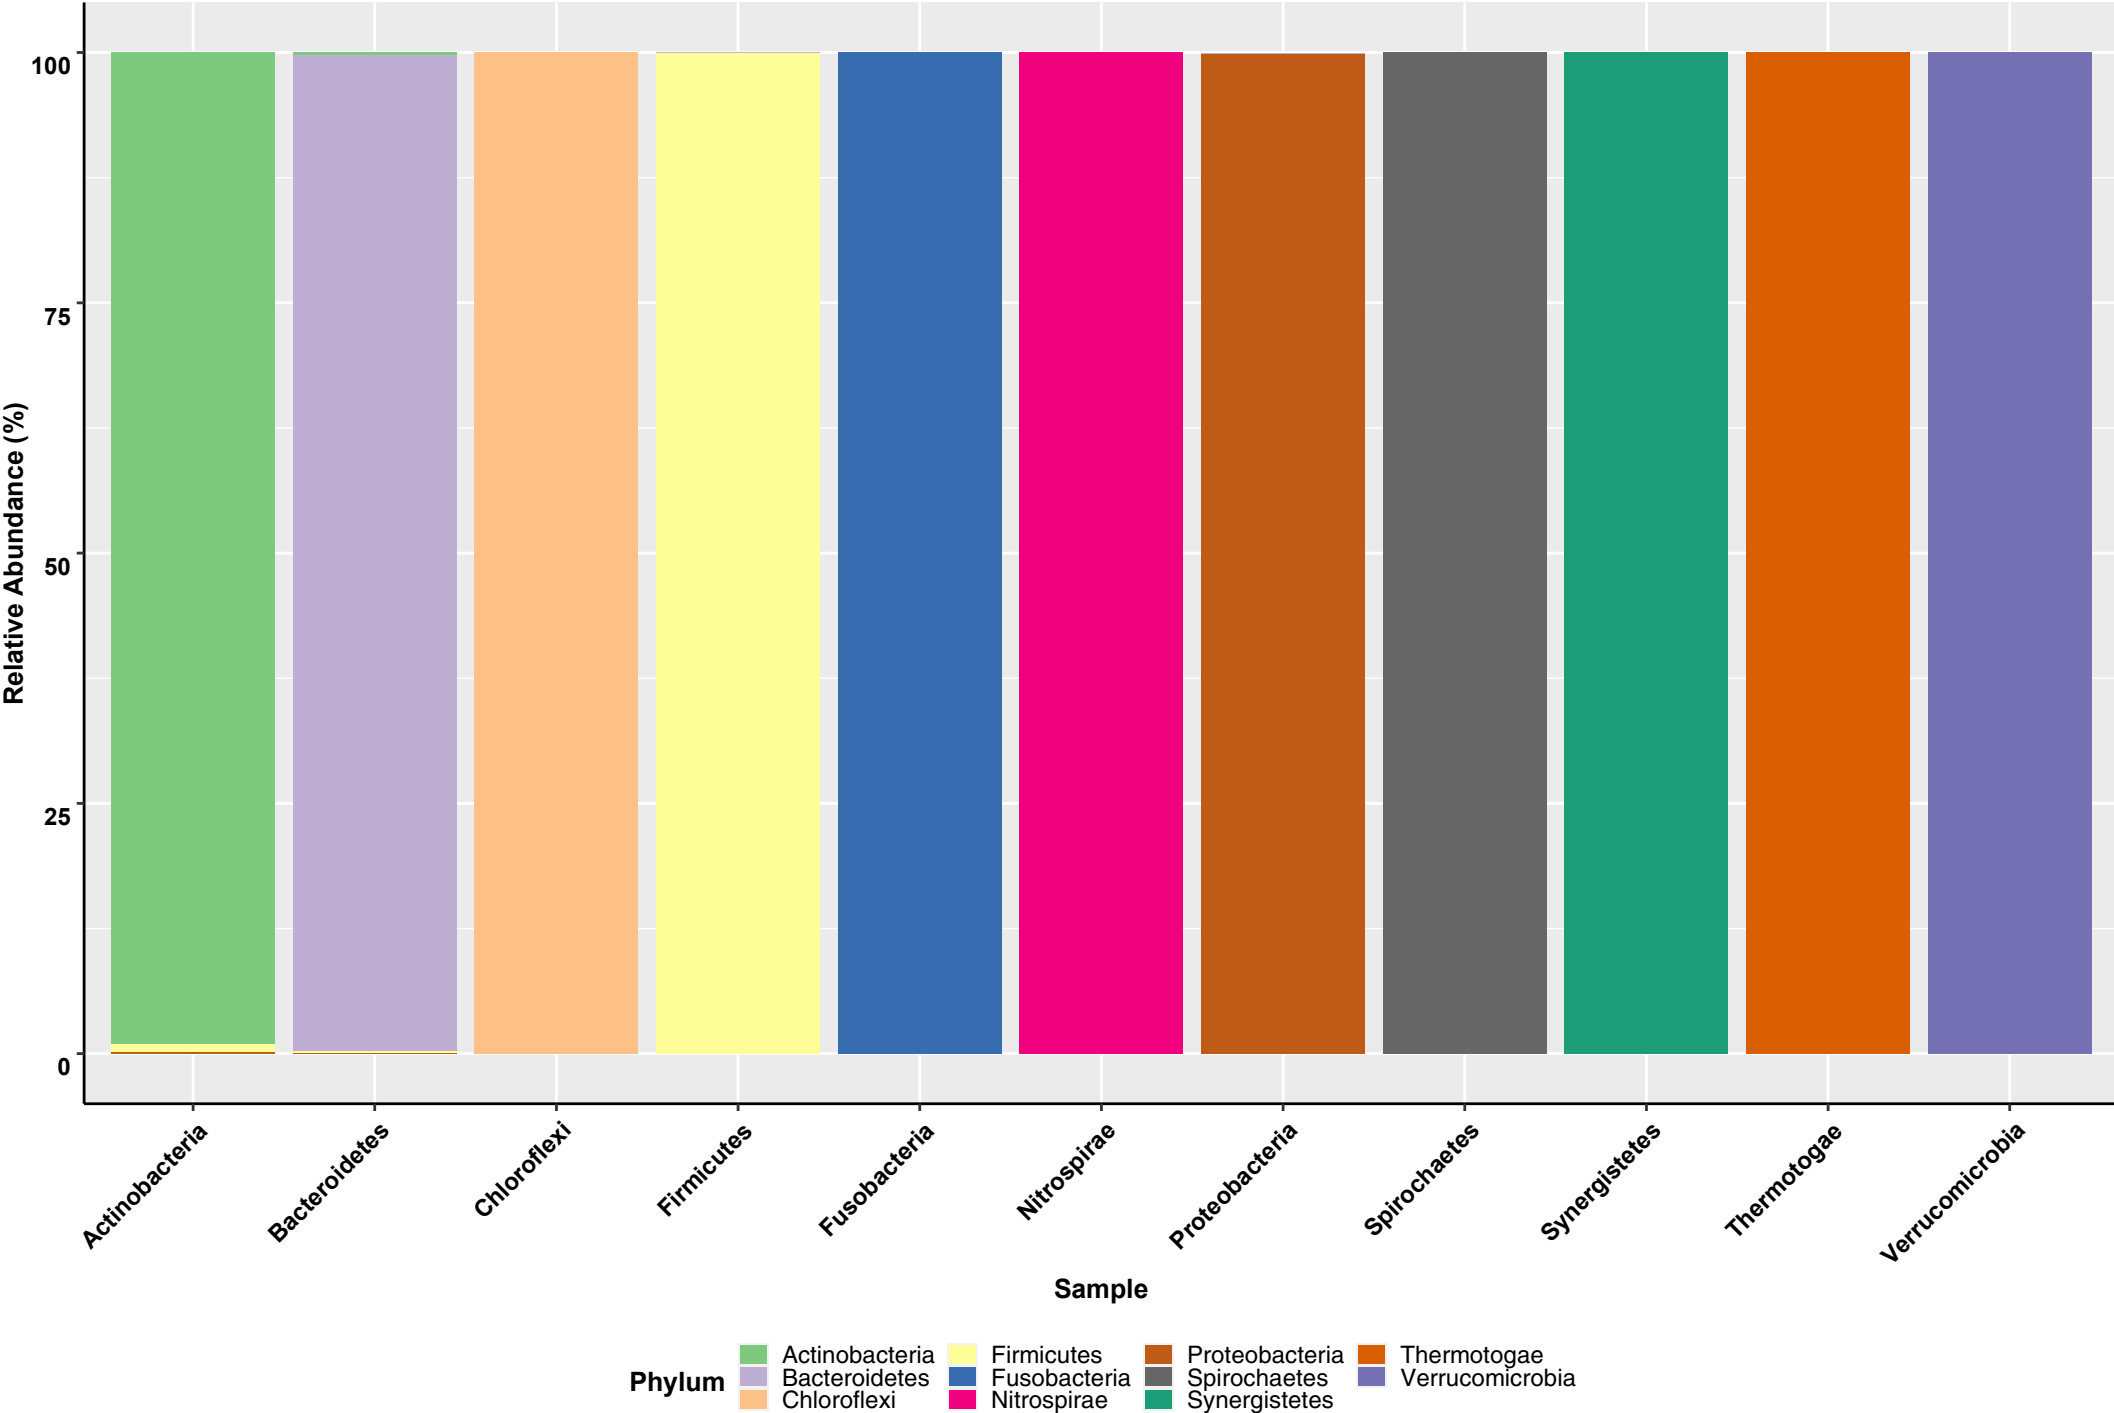

Figure P7: Taxonomic assignments for the phylum-level dataset “150” at a clustering threshold of 80%

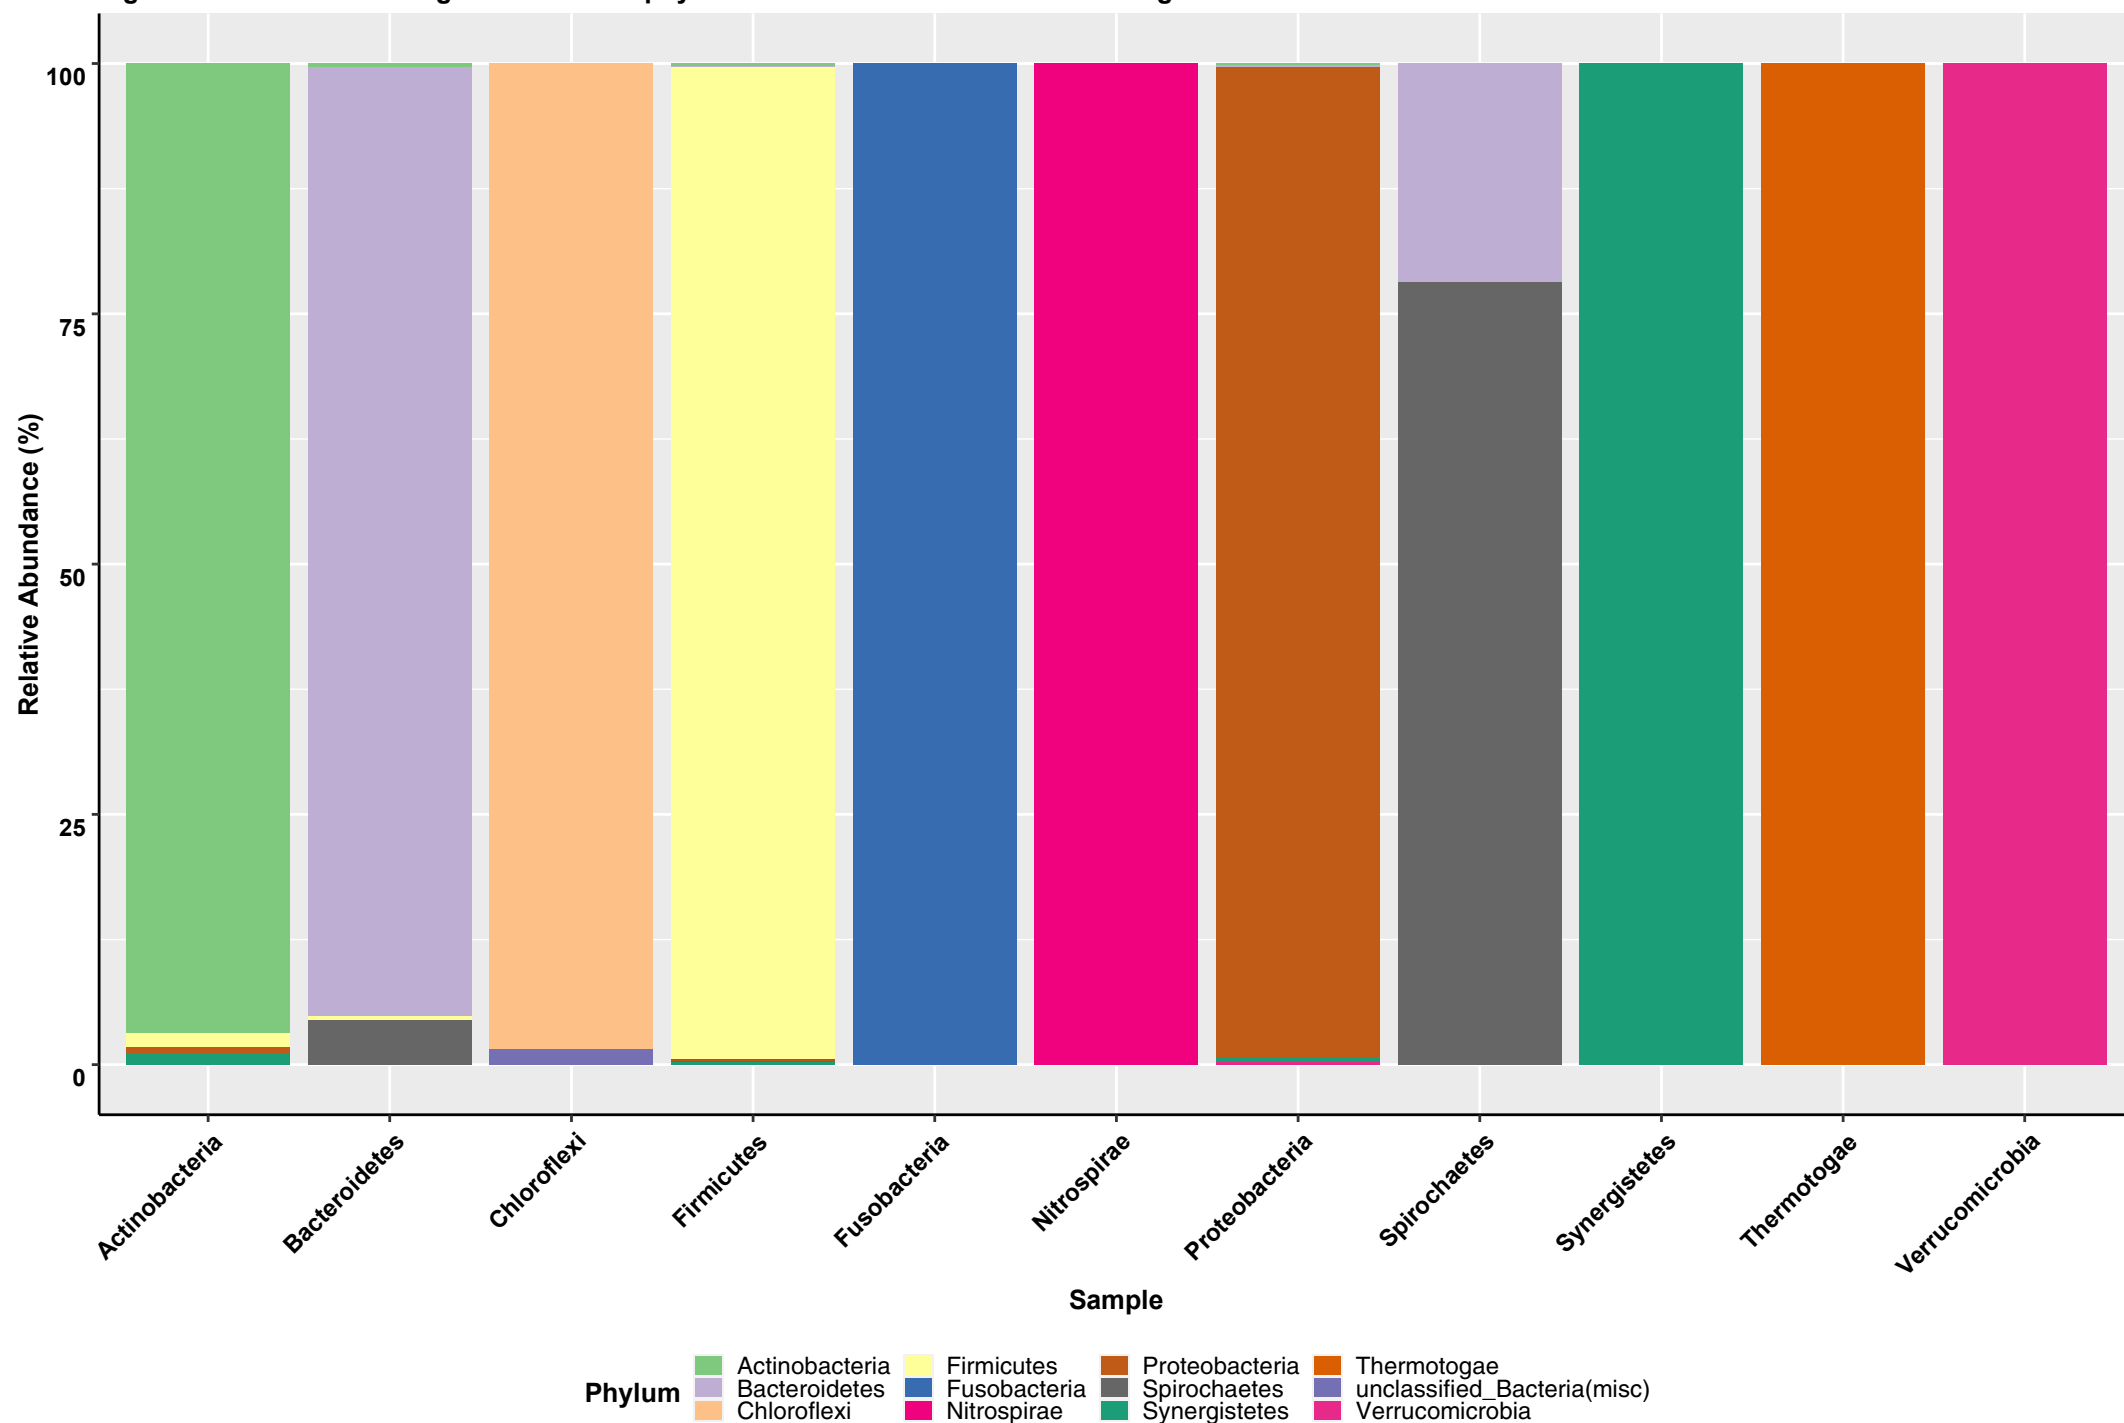

Figure P8: Taxonomic assignments for the phylum-level dataset “150” at a clustering threshold of 100%
